

DYNAMITE® NUTRITIONAL GUIDE FOR HORSES

These DYNAMITE® products provide nutritional and/or topical support for the following situations:

These products are intended for nutritional and topical support, no curative properties are expressed nor implied. For instructions, see complete product descriptions. Use of these products presumes the feeding of the DYNAMITE® BASIC PROGRAM for horses of either Dynamite® or Dynamite Plus™ and Pelleted Grain Ration, 1 to 1 Free Choice™, 2 to 1 Free Choice™ NTM Salt™ and Izmine™. In many cases, the basic program will make use of additional products unnecessary. The list in each category represents the possible options for each situation. Since every horse is different, you may need to experiment to see which product or combination works best for your horse. For additional assistance, contact your DYNAMITE® distributor.
